Worksheet #5

## DAILY DISCIPLESHIP

A disciple is one who consciously and personally commits themselves to following Christ in the midst of the Church.

Jesus did not grasp at his divinity, but, rather, emptied himself and took the form of a slave. What do I need to let go of and of what do I need to be emptied of to better serve God and my neighbor?

How do I develop a well-trained tongue so that I can better tell others about the love of God?
